

Progress Report - Campus Sustainability Fund

Thank you for submitting a Progress Report for your Campus Sustainability Fund grant! We look forward to hearing about the advancements of your project.

Progress Reports are due the first week of every March, May, August, and December for the duration of the project. This link will open at the start of the week. Progress Report due dates for 2022: May 6th at 5PM and August 5th at 5PM.

Please be aware of the responses minimums and maximums for each question. While this form does not enforce our minimums, we strongly encourage following them. Should we feel that not sufficient information is provided, the Committee might request a new submission.

Should your project not yet have progress to report in some areas, you may type "No progress to report." However, this will be vetted by Committee Members. If you have no progress to report, that should be made evident in meetings with the Committee Member who is your direct contact.

Should your project already be completed, please note in your responses to "Next Steps" and "Progress Support" that neither questions are applicable considering your project's timeline.

Uploading photos is required for Progress Reports - if you have no photos to share because your project has not yet begun, please omit.

erinbroas@email.arizona.edu

Project Manager Name *

Who is submitting this Progress Report?

Erin Broas

Project Name *

Market on the Move

Project Subaccount Number *

22.01

Project Summary Snapshot *

Please copy and paste the "Summary Snapshot" you provided in your project application. Responses are limited to 800 characters (~60-100 words).

The goal of MOM is to provide inexpensive and convenient produce for college students and help fight food insecurity. We will set up a weekly tent on the mall where students can purchase a box or bag of produce with cash, and 10% of the proceeds will go to Campus Pantry. We hope to be able to have materials to not only be able to run the Market on the Move, but also market and spread the word.

Requested Metrics *

Please add the metrics we've requested you track here.

Pounds of produce sold: unknown

\$ amount donated to Campus Pantry: \$317 total

Pounds of produce donated to Campus Pantry: 130 lbs

Student's experience and the overall impact on this event (consider having a formal or informal exit poll)

All but one attendee rated their experience a 5/5 and one attendee rated it a 4/5

Some recipes that the attendees mentioned making:

- Red pepper soup
- Calabacitas
- Cauliflower fried rice
- Banana bread

Number of attendees: 72

Project Accomplishments *

Please describe what aspects of the project have been accomplished. Be as descriptive and specific as possible. Responses must be 500 characters at minimum and no longer than 2,000 characters, spaces included.

Examples of accomplishments could include: Held 4 public meetings totaling 130 attendees; Transitioned 300 square feet of dirt into usable garden space and signed on 14 community garden volunteers. Other examples of accomplishments could include sharing a confirmed schedule of events, the connections/contacts that have been established, or providing an update on an FM quote.

We held a total of three markets this semester and a total of 72 people attended and purchased from us. A total of \$317 and 130 pounds of produce was donated to Campus Pantry over the course of three markets. We were able to establish a connection with the director of the 3000 club (Market on the Move) and successfully be provided with produce each Friday. We also were able to secure spots on the mall and at the Global Center for these markets each week. We had nine different members sign up to volunteer over the course of the three meetings, which help the markets run smoothly.

Next Steps *

Please detail the next steps for your project, numbering each step. (ie, 1. Connect with X Department to collaborate on the event, 2. Contact the catering options to confirm pricing, 3. Interview candidates for internship). If your project is completed, you can note "Project is Completed." Responses must be 500 characters at minimum and no longer than 2,000 characters, spaces included.

Project is Completed

Challenges Faced *

Please identify and describe any obstacles/roadblocks you or your team have experienced, and detail how you've managed them/ will manage them. Should your project already be completed, please note what challenges you faced and what you would do differently. Responses must be 500 characters at minimum and no longer than 2,000 characters, spaces included.

After finally overcoming institutional level barriers for holding the market (paperwork needed for commercial activity, permission from UA Student Unions, etc), we faced a variety of logistical barriers. One issue was in getting the produce onto the Mall, which we initially solved by coordinating with Parking and Transportation Services for an associated cost. We have since learned that Students for Sustainability can gain Mall access through our new ASUA advisor. In addition, based on the amount of produce received, we tried a dropoff at the SUMC circle, which we also found to be a viable option. There was also a difficulty in coordinating with Campus Pantry, as they initially felt that they did not have the space to accommodate Market on the Move donations. However, the amount of produce we had left over from the Market each week, some of which was non-perishable, proved to not be an overwhelming amount and Campus Pantry was more than happy to receive the donations. In the future, however, it may be easier to conduct Market on the Move on an earlier day of the week.

Project Support *

Can the CSF support you in addressing any roadblocks you've encountered? How else can the CSF support your project? Responses must be 500 characters at minimum and no longer than 2,000 characters, spaces included.

No further is needed for this project until next semester. When this market continues next semester in Fall 2022, we could use support on marketing our Market on the Move to a larger population as we have flyers and an instagram post out already. Some support we need for that would be recommendations on who to reach out to outside of the sustainability choir (Students for Sustainability and the Office of Sustainability) and what listserv to add our flyers to. Other than that, we have not run into any roadblocks that needed extra support from CSF.

Photos

Please upload or provide link (below) to relevant photos. Providing photos to your project is required. Please include event photos, any and all relevant photos, as well as flyers or advertisements.
